Subject: Shippers' Authorization and Consent to Screen and/or Search Cargo

**Accelerated Global Logistics LLC, IAC# WE1308008**

Attention:

Pursuant to TSA regulations, we must notify you in writing that we are now required to screen or search all of your cargo before transportation by air.

Be advised that we require your consent to screen/search this cargo. Please cut and paste or scan the "blanket message of consent" as outlined on the attached sheet onto your letterhead and then complete it and return to us.

As information, we must have this consent letter from you prior to shipping your cargo by air and it is required that we maintain this consent form for a minimum of 30 days if there is a termination of the air cargo business relationship.

Thanks for your cooperation with this action. We truly do appreciate your business and want to continue doing our very best to see that your cargo moves quickly, safely and securely to its destination.

Best regards,

Accelerated Global Logistics
